

Taking a moment to recognize the Chernarussian Governmental Portal

KVM OFFICIAL LETTER

Addressed to: the Creator of the
Chernarus Gov. Portal.

I would like to take a moment to address something extremely important to the creation of the Spring-Divionian Governmental Portal and give credit where it is due. Without the absolutely incredible Governmental Portal of Chernarus created by user Aldanimarki on Reddit, the SD Gov Portal would not exist in its current form. The CH Gov Portal has been a huge inspiration for me and a lot of it has been incorporated into the SD Gov site and has helped greatly to make it more immersive & professional. It is without a doubt, one of, if not the most realistic and professional takes on a fictional country's website. It's completely immersive and believable and I personally think it could very easily be passed off as a real site for a *real* country. So, thank you for your amazing site, and in a way helping me achieve a new creative outlet for Spring-Divionia!
